

Safety Data Sheet

Product Name: CHAI TEA

1. Identification

Product identifier used on label: CHAI TEA FLAVOR OIL

Product Name: CHAI TEA

Other means of identification

Synonyms: No Data Available

Recommended use of the chemical and restrictions on use: GRAS Fragrance

Name, address, and telephone number of the chemical manufacturer, importer, or other responsible party

Chemical Manufacturer / Importer / Distributor: RUSTIC ESSENTUALS, LLC
1050 CANAAN RD
ROEBUCK, SC 29376

Emergency phone number: EMERGENCY PHONE: (800) 535-5053
INFORMATION PHONE: 864-582-9335
INFORMATION FAX: 864-582-9334

If swallowed, call your Poison Control Center at: **1-800-222-1222**

2. Hazard(s) identification

Classification of the chemical in accordance with paragraph (d) of §1910.1200;

GHS Classification: Not classified as hazardous under GHS

Emergency Overview: At high temperatures, if vapors build up, this product could be flammable. Static electrical charges created by emptying product from containers or near open flames could cause a flash fire. Vapors / fumes generated by heat or evaporation may also cause eye irritation and/or respiratory irritation with throat discomfort, coughing or difficulty breathing.

ROUTES OF ENTRY: Skin Contact, Eye Contact, Inhalation, Ingestion.

ACUTE HEALTH HAZARDS: May be irritating to skin, eyes and respiratory system.

CHRONIC HEALTH HAZARDS: Unknown

MEDICAL CONDITIONS GENERALLY AGGRAVATED BY EXPOSURE: Not established. Unnecessary exposure to this product or any chemical should be avoided. Persons with pre-existing skin or lung disorders may be more susceptible to irritating effects.

Safety Data Sheet

Product Name: CHAI TEA

CARCINOGENICITY:

OSHA: No
ACGIH: No
NTP: No
IARC: No
OTHER: No

3. Composition/information on ingredients

The identity of the individual components of this mixture is proprietary information, and is regarded to be a trade secret. Since the content of the product is a trade secret, the chemical name, and CAS number of each component is not given.

4. First-aid measures

Description of necessary measures, subdivided according to the different routes of exposure, i.e., inhalation, skin and eye contact, and ingestion:

Eye Contact: Immediately flush eyes with water for at least 15 minutes. If irritation persists, seek medical attention.

Skin Contact: Remove contaminated clothing. Wash affected areas with plenty of soap and water. If irritation develops, seek medical attention.

Inhalation: Remove from exposure to fresh air. If breathing has stopped or is difficult, administer artificial respiration and oxygen if available. Seek medical attention immediately

Ingestion: Drink water or milk to dilute. Seek medical attention immediately. DO NOT induce vomiting unless instructed by a qualified health professional.

Most important symptoms/effects, acute and delayed:

Most important symptoms/effects (Acute): No Data Available

Most important symptoms/effects (Delayed): No Data Available

Indication of immediate medical attention and special treatment needed, if necessary: No additional first aid information available

Safety Data Sheet

Product Name: CHAI TEA

5. Fire-fighting measures

Flash Points Fahrenheit: >212, Celsius: >100

This material is a combustible liquid by OSHA classification (Combustible if Flash Point: 142-200°F)

Suitable (and unsuitable) extinguishing media:

Suitable extinguishing media: Carbon dioxide, dry chemical, or foam

Unsuitable extinguishing media: No Data Available

Method Used: ASTM D6450 - Continuous Closed Cup

Flammable Limits: Not determined.

Specific hazards arising from the chemical (e.g., nature of any hazardous combustion products):

Flammability Summary: Combustible at elevated temperatures

Fire and/or Explosion Hazards: Empty containers retain product residue (liquid or vapor) and can be dangerous. They should be rinsed with water and disposed of properly. Soaked rags or paper may pose a spontaneous combustion hazard in unsealed trash receptacles.

Hazardous Combustion Products: Carbon monoxide, carbon dioxide, and unidentified organic compounds.

Special protective equipment and precautions for fire-fighters: Self-contained breathing apparatus, safety eyewear, and protective clothing should be worn when fighting fires involving chemicals.

6. Accidental release measures

Methods and materials for containment and cleaning up: Eliminate all ignition sources. Ventilate area. Contain spill and absorb spill onto inert material. Place material into a suitable container and dispose of in accordance with local regulations. DO NOT leave soaked rags or paper in unsealed receptacles as spontaneous combustion may sometimes occur under certain circumstances.

7. Handling and storage

Precautions for safe handling: Mildly irritating material. Avoid unnecessary exposure.

Conditions for safe storage, including any incompatibilities

Conditions for safe storage: Use splash goggles or face shield when eye contact is possible. Respiratory protection is not generally required, if desired use NIOSH approved organic vapor respirator. Use chemical resistant gloves as needed to avoid prolonged or repeated contact. Store in a cool, dry, well ventilated area away from all sources of heat or flame.

Safety Data Sheet

Product Name: CHAI TEA

Materials to Avoid/Chemical Incompatibility: Strong oxidizing agents Strong bases

8. Exposure controls/personal protection

Appropriate engineering controls: No exposure limits exist for the constituents of this product. No engineering controls are likely to be required to maintain operator comfort under normal conditions of use.

Individual protection measures, such as personal protective equipment:

Ventilation: General, meeting ACGIH criteria as needed to control vapor.

Eye Protection: Use splash goggles or face shield when eye contact may occur.

Skin Protection: Use chemical resistant gloves as needed to avoid prolonged or repeated contact. Use of a rubber apron is recommended when handling large quantities of this material.

Work/Hygienic Practices Good personal hygiene practices should be used. Wash hands after any contact, before breaks and meals, and at the end of the work period. Contaminated clothing and shoes should be cleaned before using again.

Respiratory Protection: None generally required. If desired wear a NIOSH approved respirator.

Exposure Guidelines: This material is intended for manufacturing use only. Contaminated equipment should be cleaned with soap and water. Do not discharge wash water into lakes, streams, ponds, or public waters.

9. Physical and chemical properties

Appearance (physical state): Orange color liquid

Odor: Comparable to Standard

Odor threshold: Not determined

pH: No Data Available

Melting Point/Freezing Point (°C): No Data Available

Initial Boiling Point and Boiling Range (°C): No Data Available

Flash Point : >212 ° F

Evaporation Rate: No Data Available

Flammability (solid, gas): No Data Available

Upper/lower flammability or explosive limits:

Upper Flammable/Explosive Limit: Not Available

Lower Flammable/Explosive Limit: Not Available

Vapor Density: (air=1): >1

Specific Gravity: @25 degC: 0.9745

Solubility(ies): Not Available

Decomposition Temperature:: Not Available

Viscosity: No Data Available

Refractive Index: Not Available

Safety Data Sheet

Product Name: CHAI TEA

Butyl Acetate: = 1

10. Stability and reactivity

Reactivity:	This product presents no significant reactivity hazard. It is stable and will not react with water nor is it pyrophoric. Hazardous polymerization will not occur. Avoid contact or contamination with strong acids, alkalis, or oxidizing agents.
Chemical stability:	Stable under normal conditions.
Possibility of hazardous reactions:	No Data Available
Conditions to avoid (e.g., static discharge, shock, or vibration):	Temperatures above the high flash point of this combustible material in combination with sparks, open flames, or other sources of ignition. .
Incompatible materials:	Avoid contact with acids, alkalis, or oxidizing agents.
Hazardous decomposition products:	Carbon Oxides

11. Toxicological information

This product is a mixture for which no health hazard data exist. The hazard communication standard requires that such mixtures be assumed to present the same health hazards as do components that constitute at least 1% of the mixture (0.1% for carcinogens) although OSHA has noted that the hazards of individual components may be altered by including them in a mixture. Based on information currently available from reliable sources we estimate that this mixture may have properties which can be potentially hazardous to health: **HARMFUL IF SWALLOWED, IRRITATING TO EYES, IRRITATING TO SKIN, IRRITATING TO NOSE, THROAT AND LUNGS.**

Information on the likely routes of exposure (inhalation, ingestion, skin and eye contact):	Prolonged contact with the undiluted material may cause irritation.
Symptoms related to the physical, chemical and toxicological characteristics:	Irritating to skin, eyes, and respiratory system. May cause serious health effects if swallowed. May cause allergic dermatitis.
Target Organs Potentially Affected by Exposure:	No Data Available
Chemical Interactions That Change Toxicity:	None Known

Delayed and immediate effects and also chronic effects from short- and long-term exposure:

Prolonged contact with the undiluted material may cause irritation.

Immediate (Acute) Health Effects by Route of Exposure:

Inhalation Irritation:	Signs of over exposure: dizziness, nausea. Treatment: Move subject to fresh air, monitor breathing, give Oxygen if breathing is labored, seek medical advice.
Skin Contact:	Skin contact can produce irritation, or itching of the skin. Frequent or prolonged contact with the concentrated material could possibly cause dermatitis. Treatment:

Safety Data Sheet

Product Name: CHAI TEA

Remove contaminated clothing, wash with soap and water, seek medical attention if irritation persists.

Eye Contact:

No data.

Ingestion Irritation:

Treatment – rinse mouth with water immediately, call for medical assistance, give subject milk or water, do not induce vomiting.

Long-Term (Chronic) Health Effects:

Carcinogenicity:

None of the substances have been shown to cause cancer in long term animal studies. Not a carcinogen according to NTP, IARC, or OSHA.

Reproductive and Developmental Toxicity:

No data available to indicate product or any components present at greater than 0.1% may cause birth defects.

Mutagenicity:

No data available to indicate product or any components present at greater than 0.1% is mutagenic or genotoxic.

12. Ecological information

Ecotoxicity (aquatic and terrestrial, where available):

This material is not expected to be harmful to the ecology.

Persistence and degradability:

No Data Available

Bioaccumulative potential:

No Data Available

Mobility in soil:

No Data Available

Other adverse effects (such as hazardous to the ozone layer):

No Data Available

13. Disposal considerations

Description of waste residues and information on their safe handling and methods of disposal, including the disposal of any contaminated packaging...

Description of waste residues:

Spent or discarded material is not expected to be a hazardous waste.

Safe Handling of Waste:

Refer to section 8 for information pertaining to personal protective equipment and exposure controls when handling this material for disposal.

Waste treatment methods (including packaging):

Dispose of this material at a local, state or federally approved landfill, incinerator or recovery facility. DO NOT DUMP INTO ANY SEWERS, ON THE GROUND, OR INTO ANY BODY OF WATER. All disposal practices must be in compliance with all Federal, State/Provincial and local laws and regulations. Regulations may vary in different locations. Waste characterizations and compliance with applicable laws are the sole responsibility of the waste generator. As your supplier, we have no control over the management practices or manufacturing processes of parties handling or using this material.

Safety Data Sheet

Product Name: CHAI TEA

14. Transport information

US DOT Ground Shipping Not Restricted

Description:

IATA Shipping Description: Not Restricted

IMDG Shipping Description: Not Restricted

15. Regulatory information

The following declaration must not be detached from this MSDS. Any copying, or distribution of this MSDS should contain the following declaration:

Title III of the Superfund Amendments & Reauthorization Act (SARA) Of 1986 Notification: This product is subject to the reporting requirements of section 313 of Title III of SARA, and Title 40 of the CFR, part 372. However, the constituents of this product are subject to the provisions of section 322 of SARA. This product contains the following chemicals subject to the aforementioned regulations: NONE.

None of the chemical substances in this mixture is listed as "Extremely Hazardous Substances" (EHS) in Appendix A of Title 40 of the CFR part 355.

Safety, health and environmental regulations specific for the product in question

TSCA Status: All components in this product are on the TSCA Inventory.
California Prop 65: Does not contain any chemicals listed on California Proposition 65.

Regulated Components:

Chemical Component	CAS number and other unique identifiers	Regulation	% Range
None Listed		California Prop 65 Cancer	
None Listed		California Prop 65 Developmental	
None Listed		California Prop 65 Reproductive Female	
None Listed		California Prop 65 Reproductive Male	
None Listed		CERCLA	
None Listed		SARA 313	
None Listed		SARA EHS

16. Other information, including date of preparation or last revision.

Revision Date: 04-03-2017

Revision Number: 1

Disclaimer: The information in this MSDS was obtained from current and reliable sources. However, the data is provided without any warranty, expressed or implied, regarding its correctness and accuracy. Since the conditions for use, handling, storage and disposal of this product are beyond Rustic Escentuals' control, it is the user's responsibility both to determine safe conditions for use of this product and to assume liability for loss, injury, damage or expense arising out of the product's improper use. No warranty, expressed or implied, regarding the product described herein shall be created by or inferred from any statement or omission in this MSDS. Various government agencies (e.g. DOT, EPA, FDA) may have specific regulations concerning the transportation, handling, storage, use or disposal of this product, which may not be reflected in this MSDS. The user should review these regulations to ensure full compliance.

NOTE: THIS MSDS SUPERCEDES ALL PREVIOUSLY DATED DOCUMENTS.
